

# Braemar 2011 Winter Junior Development Program

The Braemar Winter Junior Development program is designed for Junior Players wanting to take their game to the next competitive level and offers instruction through both structured group practices and private lessons with Minnesota PGA professional Roger Fahrenkrug.

Players will focus on their fundamentals with the goal of developing repeating swings. Video analysis using the V1 Coaching System will help students compare their swings to the pros and allow them to visually identify areas for improvement. All players will be asked to create both pre-shot and post-shot routines to aid on-course focus. The group will compete in short game challenges and full-swing competitions. Players will also be evaluated for their golf fitness and provided with strengthening exercises.

The \$365.00 fee includes 6 private lessons and 9 1-hour supervised group practice sessions. The group sessions are limited to 8 students per hour. The supervised group practice session dates are Wednesday's January 12, 19, 26; February 9, 16, 23; and March 16, 23, 30 and students can sign up for either the 3:30 - 4:30 or 4:30 - 5:30 time slot. The private lessons will be booked individually. Sign up at the Braemar Golf Dome either in person or by calling 952-826-6744.

PGA Member Roger Fahrenkrug has been a Braemar instructor for 16 years, and has experience teaching all levels of Juniors, including several MN Junior PGA champions, as well as other MN PGA professionals and amateur golfers of all skill levels.
