Edina Country Club Area Residents

RE: Resident Update Letter No. 3  
Infrastructure Rehabilitation Project  
Edina Country Club

Dear Resident:

The City of Edina has initiated the planning process to update the critical infrastructure in your neighborhood. This infrastructure includes major items such as the sanitary sewer system, water system, storm sewer system, and the roadway system. Attached you will find a public notice for the public hearing scheduled for July 19, 2005.

The residents that attended the open house realize the complexity of a project this size and scope. The feasibility study that was prepared by the City's consultant, Short Elliot Hendrickson, Inc. (SEH), is now available. If you would like a copy of this study you can download this study from the City's web site at:

[http://www.ci.edina.mn.us/Pages/L5\\_ConstructionProjects\\_A213.htm](http://www.ci.edina.mn.us/Pages/L5_ConstructionProjects_A213.htm)

or a copy will be available in the Engineering Department for either review or purchase (\$34.40). If you desire additional information, please call myself at 952-826-0443 or by email at [whoule@ci.edina.mn.us](mailto:whoule@ci.edina.mn.us).

Sincerely,

Wayne D. Houle, PE  
Director of Public Works / City Engineer

C: Paul J. Pasko, III - SEH
