**Woodland Circle , Woodland Lane and Wood End Drive Reconstruction**

During the past week, the contractor has finished all storm sewer improvements on Woodland Circle and Woodland Lane . They also started watermain improvements on Wood End Drive . The contractor will be preparing Woodland Lane and Woodland Circle for curb and gutter. This work is going to consist of sub cutting a foot out of Woodland Lane and installing geotextile filter fabric to help with the contamination of the new sub grade.

If you have received a letter from the City of Edina to have your sanitary sere service line televised, please make the appropriate appointment before we pour curb and gutter or all repairs will be the homeowners' responsibility.

Beginning next week C & L will continue with watermain and storm sewer improvements on Wood End Drive.

Please remember, schedules are weather dependent and as always, please contact me if you have questions or comments regarding this project:

City of Edina Inspector Jeff Frahm, 952-826-0448 or [jfrahm@ci.edina.mn.us](mailto:jfrahm@ci.edina.mn.us)

Thanks for your continued cooperation and patience during construction.

Jeff Frahm - Project Inspector/Engineer Tech
