Woodland Circle, Woodland Lane and Wood End Drive Reconstruction

During the past week, the contractor has finished all watermain and water services in your neighborhood. The contractor has also started laying the new storm sewer on Woodland Lane . These construction activities coupled with the recent rains have made for difficult traveling conditions. I have talked to the Contractor and we are in the process of getting in that area as soon as possible to fix the sub-grade and correct the material. Please continue to have patience with us as we come to the end.

Beginning next week C & L are going to continue with storm sewer improvements. Once these are finished they will be making their way over the Wood End Drive to start watermain work.

Please remember, schedules are weather dependent and as always, please contact me if you have questions or comments regarding this project:

City of Edina Inspector Jeff Frahm , 952-826-0448 or [jfracm@ci.edina.mn.us](mailto:jfracm@ci.edina.mn.us)

Thanks for your continued cooperation and patience during construction.

Jeff Frahm - Project Inspector / Engineer Tech
