

Construction Update No. 2
Doncaster Sidewalk Improvements
City of Edina Contract No. ENG 08-8

August 26, 2008

Doncaster Sidewalk Project Resident
Edina, MN

Dear Resident:

All work on the Doncaster Way Sidewalk Project is now complete. Last week I hand delivered information to your door a notice on how to care for your new sod. Please follow these directions, as it will keep your sod warranty in effect during the contract required 42-day growing period. The sod south of the Highlands Elementary school is coming in great. Thank you to all who have assisted the contractor in watering the new sod. With a little assistance from you, you will have the best looking lawns in Edina.

Once this project is closed out, it will be placed into a 1-year warranty period. I will be back before the 1-year warranty period expires to compile a list of corrective actions for the contractor to complete if need be.

NOTE: If you have an irrigation system or pet fence that has been damaged by our work onsite, and is in need of repair, please contact me ASAP. I will give you an update on how we can get this system repaired for you.

Please contact me if you have questions or comments regarding this project.

- Aaron Kuznia, 952-826-0444 or akuznia@ci.edina.mn.us

Again, the City of Edina and Northwest Asphalt, Inc. would like to thank you for your patience and cooperation during this project.

Sincerely,

Aaron Kuznia
Project Manager/Inspector
