Highlands Neighborhood Reconstruction

On Monday, June 1st, 2009, the contractor will be onsite to clean up a few outstanding items within the neighborhood. Once these outstanding items have been completed, crews will replace the sod that did not make the warranty period. The new sod will undergo a new 20 day warranty period.

There is no need to call and tell me your sod is dead or weak looking. The contractor and I will take care of this for you.

Feel free to contact me if you have any other items you would like me to take a look at. I can be reached in the office at 952-826-0444 or akuznia@ci.edina.mn.us

Thank you,

Aaron Kuznia - Project Inspector / Project Manager, City of Edina
City Extra #28
