

**PROPERTY OWNERS QUESTIONNAIRE SHEET  
RICHMOND HILLS NEIGHBORHOOD AREA  
SEWER, WATER AND STREET RECONSTRUCTION  
CITY OF EDINA**

Please do **not** answer these questions until **after** you have read the **entire** newsletter. Complete and return this survey to the City by **February 6, 2008** using the **self addressed stamp envelope or hand deliver at the February 6, 2008 Open House.**

**I. Sump Pump Discharge Service Line:**

- A. Does your home have a drain tile/footing drain?     Yes         No         Unknown
- B. Does your home have a sump pump?                       Yes         No

Please sketch in the space to the right:  
your house, garage, driveway, and  
approximately where **along the ROW**  
**line** you would like the service  
connection pipe placed.

**II. Residential Roadway Lighting Option:**

As part of most residential roadway reconstruction projects, residents will have an opportunity to make changes to these lighting systems by adding new decorative lighting, or replacing the existing poles with new styles. The information contained in this guide will help you select a style you feel appropriate for your neighborhood.

Your neighborhood currently has a wood-pole cobra head (see photos on page 2) lighting system. The Grandview Square area has existing decorative lights similar to the Arlington Lantern (see photo on page 2). This same style of lighting could be carried into your neighborhood if so desired.

Do you prefer to change your existing lighting system in your neighborhood?

- Yes                       No

**Even if you have answered No, we are still interested in feedback as to your preferred styles of lighting. Please rank the style of lighting system and luminaries you would prefer if the majority of residents answer yes.**

Pole placement will usually be limited to one pole at every intersection and one pole per mid-block between intersections. Your neighborhood may elect to have intersection only lighting. Neither of these installations will provide security lighting levels. To give ample security lighting this would require mid-block placement of the poles and intersections.

From the following spacing options, please tell us which spacing you prefer. Rank the spacing options in order from 1 to 2 on the lines provided below (1 being the most desirable).

**VI. Stay Informed with the Project Process:**

The City recently introduced the "City Extra" e-mail notification service. This service is free and allows individuals to sign up to receive e-mail messages from the City on a variety of topics. To sign up for the service go to the City Extra website at <http://cityextra.cityofedina.com> and place a check mark in the box next to this project's name, "**Richmond Hills Neighborhood**". Please contact the City at 952-927-8861 if you are having trouble signing up for City Extra.

Please tell us how we can reach you if we have questions or comments about the data you have given to us on this questionnaire.
