## **South Garden Estates Neighborhood Reconstruction**

Dear Resident,

Today crews are working on installing storm sewer on West Shore Drive north of Andover Road. This work should be wrapped up sometime on Monday. They will have the roadway closed from W. 70<sup>th</sup> St. to Andover Road while this work is being done. Please use Wooddale, as it will be your best access in and out of the neighborhood.

Crews will continue work on your new concrete aprons and driveways on West Shore Drive and Belvidere Lane and Andover Road. You will be notified by an orange flyer in your front door. This flyer will have instructions on where to park your car, and contain information on the 7-day curing period for the new concrete. Please watch your front door for this notice. Crews will place this a day in advance to keep you informed of where/when to move your car out.

Early next week, crews will move to replace the last 2 fire hydrants on Belvidere Lane. Crews will need to shut off the water on Belvidere to install these 2 new fire hydrants. An orange tag will be placed on your front door in advance to forewarn you of the shutdown. Shut downs will not begin until after 8:00 am. Crews will have the water on as soon as they possibly can. This should be the last of the water shut downs in the neighborhood.

Later next week, crews should be doing curb and gutter and driveways on the rest of West Shore Drive. Crews will also be working on shaping the gravel roadway surface on Belvidere and West Shore Drive, and Andover Road as well as backfilling behind the new curb and gutter.

**Reminder:** If you currently have an irrigation system or a pet fence, it may get damaged during construction. If your system is damaged from construction, the contractor has a kit to plug the damaged area so the rest of your irrigation will still work. Once the curb and gutter has been installed, and the black dirt backfilled behind the new curb, we can begin the process of repairing the irrigation systems and pet fences. We will have your company fix the damage, and the City of Edina will take care of the bill for you. However, the City will only pay for these repairs on a one time basis.

Please remind all children to stay away from all reconstruction operations, parked equipment, and stockpiled supplies. For everyone's safety, if you see anything onsite that looks out of place or someone that doesn't belong please call the City of Edina Police Department. They have been informed of this, and are keeping a close eye on the site for us, but your help would be greatly appreciated if you see anything out of place.

Have a safe and Happy 4<sup>th</sup> of July!

***Please remember this schedule is weather dependent and therefore, can change on a daily basis.*** As always, please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0444 or [akuznia@ci.edina.mn.us](mailto:akuznia@ci.edina.mn.us) The City of Edina as well as Midwest Asphalt and the rest of the crews would like to thank you for your cooperation during this project.

Aaron Kuznia - Project Inspector / Project Manager, City of Edina
