## **France Avenue Sidewalk**

Dear Resident:

Crews will continue working on grading for the new sidewalk.

During the middle of next week concrete crews will work on shaping the gravel base of your driveway and they will start setting forms for your new concrete driveway aprons and sidewalk sections. Prior to any concrete work the contractor will hand out notices stating the date when the work will occur so you are able to get your vehicles out.

The contractor will begin work along the 4700 block later next week, working on the modular block wall. Prior to the work they will be taking down part of the fence where the wall will be installed. The majority of the work will happen at #4709, #4711, and #4713. Once the wall is completed they will then start installing the fence. This work will probably not happen until the following week.

Please be aware that all potential schedules are subject to change due to varying factors, including other utility work, subcontractor's schedules, and most importantly, the weather. Also, please keep in mind that any impacts to landscaping during the sidewalk construction will be restored once the sidewalk has been installed.

### **Safety**

Please remind your children to stay away from construction sites, construction machinery, and stockpiled materials. These sites, machines, and materials can be dangerous. Job site safety is our number one concern.

### **Who to Contact in an Emergency**

During a life or property-threatening emergency, call 911. If construction equipment or materials need to be moved as part of dealing with the emergency, 911 have a list of the contractor's emergency contacts. If it is not an emergency, you can also get a hold of the Edina Police Dept. on their non-emergency phone number at 952-826-1600.

### **Who to Contact with Questions and Concerns**

As always, please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0440 or [jcynor@ci.edina.mn.us](mailto:jcynor@ci.edina.mn.us)

The City of Edina and G. L. Contracting, Inc. would like to thank you for your patience and cooperation during this project.

Jamie Cynor - Project Manager, City of Edina
